## THE BUSH TRACK

A tree lined aisle leads to a clearing just large enough for a perfectly intimate ceremony.

## UNDER THE BIG TREE

Tucked away under a canopy of huge trees you can use the tree branches as a natural arbour.

## THE HORIZON

Use the open spaces to create drama. The state forest is a beautiful back drop to say 'I do'.

*Listen up, wild hearts and adventurous souls! Our bush wedding ceremony locations are here to make your big day a wild and untamed celebration of love! Imagine exchanging vows under the cover of ancient trees, where the rustling leaves become your chorus. Or how about saying 'I will' amidst the symphony of chirping birds. Not to mention the magical sunsets – they paint the sky in hues that not even the most skilled artist can replicate. So, gather your tribe of family and friends for a bush bash like no other, where the dance floor might be a patch of soft grass and the starlit sky becomes your twinkling canopy. These bush wedding spots are about to make your love story the wildest ride of your lives!*

# THINGS TO CONSIDER

*We're here to make planning your dream wedding as easy and stress-free as possible. When looking at venues, there are some important things to consider. As we've been doing this song and dance for much longer than we'll admit, here are a few things we know should factor into your decision.*

## DECIDE ON YOUR WEDDING GUEST LIST

Start with a good estimate of your guest count to make sure your venue will fit all of your family and friends.

## SET YOUR WEDDING BUDGET

Knowing your budget as you visit venues will help you envision your day realistically.

## DISCUSS THE STYLE OF WEDDING FOOD

Do you want a sit down meal or a cocktail affair?

## WEDDING EVENT SCHEDULE

Are you planning a one night only event or do you want a whole weekend to connect with your friends and family?

## ACCOMODATION

Are there accommodation options at the venue or nearby?  
How many of your guests will need accomodation?

## PLANNING TO PARTY ALL NIGHT?

What is the venue's noise policy?

## CEREMONY & RECEPTION SPACES

Does the venue allow you to hold both ceremony and reception onsite?

## PAYMENT TERMS

What are the payment terms? Do they work with your budget?

## CANCELLATION POLICY

What is the cancellation policy? What happens in the event of COVID or other related incidents?

## OTHER WEDDINGS ONSITE

Will there be other weddings onsite while ours is taking place? Can we reserve the entire venue and grounds?

## SOUND SYSTEM

Does the venue have its own sound system and microphone?

## DÉCOR

Does the venue have its own décor inventory?

## RECOMMENDED VENDORS

Does the venue have any recommended vendors?
